What can we do for you?: I have submitted this e-mail / comment to the Highway Department:

We have resided in Green for 38 years. Our snow removal service has always been excellent, and we have never filed a complaint. However, today's lack of service is not acceptable. We live at 1380 Gray Fox Drive. The street at this point is a very long hill/incline. Lack of snow removal makes our street very difficult to travel. It would seem that although this is a residential street, the incline would make it some type of priority. In the past, that was the case. We have never experienced no snow removal like we have today. Is there some reason for the poor / lack of service?
