Spoke briefly commented about Hennes Communications.
Yes it was tabled. Was not being used for the purposes they think.

XI. Unfinished Business

XII. New Business

Mr. Humphrey stated that there are individuals in the community to continue to sow the anger and its not doing any good. Its coordinated effort by a certain group to make as much discord as possible and encourage as much anger among the community as possible. More than he's ever seen before. Settlement or not the pipeline would still go in the ground. Do we want angry people running the City. Asked the community to tell the angry people to stop with this anger and false allegations.

Mr. Dyer stated he was concerned about what he heard regarding the Hennes Communications. Spinning the Nexus problem. Council not informed. Hold the line had to get a hold of documents. If the purpose was to have Hennes do longterm planning, they should've told Council about this. People have a right to know whats in the Hennes contracts. Disappointed that the City dropped the ball on this. Legislation needs to be drafted to address this. Feels its clear they were mislead. Drafted strategy memos for the City. Transparency needs upheld.

Mr. Shaughnessy stated that he heard from the people tonight that they want transparency. No one denied the allegations. Everyone here has political motives.

Mr. Schmidt yes, \$9800 payment to Hennes. further explained how PO's versus payments worked.

Mayor reiterated Mr. Schmidts information regarding the PO.

Mr. Shaughnessy asked if Hennes was still working for the City.

Mrs. Wolford explained that Hennes was no longer working for the City until they come back to Council for additional appropriation.

Further discussion ensued.....
