Subject: Resolution # 2019-R29 to be introduced April 9

All,

I would like to request first reading passage of the legislation to be introduced on the 9th of April, this legislation allows for the use of the Summit County Land Reutilization Corp. to demo the structure. As discussed , we will need to transfer to the SCLRC to allow for demolition and then accept it back. I will be at the 4/9/ 19 meeting if you have any questions.
