Subject: Town Park Blvd. Ext.

Gerard,

I am extremely disappointed in looking at the proposed plans for the Town Park Blvd. Extension. As the current resident of 2297 Handforth St. and according to the map posted by the city, lot owner 74, I am disgusted over the fact that a proposed plan would pass, to put a roadway on the edge line of our property. We did not move to Charleston Place or Green for that matter to raise our family on a property that has a roadway within feet of our property line. We have two young toddlers ages 3 and 4 that run through the back yard daily. Clearly as a father yourself and once having young children, you can understand our concern in having a road within feet of our swing set. I would like a determined date of when this is set to take place so that we can take the proper steps in selling our home, and moving well before this happens to ensure the safety of our children. As a parent, homeowner, HOA board member, city tax payer and employee of Green Local Schools, I am extremely disappointed in the decision making and proposed plans that have taken place! You could do better!

Sincerely,

Krista Seals and Family

Please note: Charleston Place has many children that this will directly affect that live on the proposed Town Park Blvd. side of Handforth St. including: Alana Niemiec's two young girls, the Gross family, who have three young children under 4, the Taylors that have four young children, the Awadallah family with 3 young children, Donatelli family has three young children. There are several other family's as well. Again, this is just including the families that live on the side in which the Town Park Blvd. Ext. Is proposed.
