**Subject:** Green City Council on U-Tube

Molly,

Thanks for telling me about the placement of these videos on U-Tube. I like it. The quality of the video is much better on U-Tube than the City's web site. I watched on 4K tv with signal coming from a computer.

Chuck, I wonder if the video quality can be improved when downloading from the City's web site.

Steve, can the cable tax fund be used for an upgrade if \$ are needed?

Tony
