Subject: Mass. & Wise Roads / New Seasons Epcon / Wojno

City of Green,

In regards to the proposed New Seasons Epcon project at Massillon & Wise Roads in Green:

I've personally known Mike Wojno for over 40 years personally and professionally. We've had many collaborations with both and very proud to state a 100% success rate with whatever/whenever and for everyone and anyone else that touches his developments and/or structures that he has built or been involved with.

I could go on & on & on but I think/hope you get my point... the chance for a successful project for ALL will again be 100%!

Thanks for this time... sincerely,
Fred Langguth (330.697.4772)
