Bill,

As we are up against Council's summer recess and we have a need to move this project along to comply with the grant reporting requirements, I will be asking City Council for 2<sup>nd</sup> reading passage of 2018-R54, the resolution awarding the SCBA bid to Interspiro. Which meeting will they discuss it? Will they read it in this time and discuss it next time or will they read it in and discuss it this meeting and then just vote next meeting? I want to have Doug Cincurak at the right meeting.

Thanks,

Jeff Funai
