First Name: Vicki

Direct my comments to: City Council

What can we do for you?: I am writing to first thank our mayor and city council for their past support in the fight to protect our city from the potential for any harm, devastation or financial damage from the Nexus pipeline. I urge you to continue in your efforts to protect us and act in the best interest of the citizens most affected. The pipeline is routed to go very near to my home, and I fear for everyone in in the area of the proposed path including children playing on the sports fields that could be impacted by any pipeline disaster. Please continue to stand fast against this "attack" on our city and do not give in or accept any financial settlement at the cost of our personal safety or the safety of the city's resources. Thank you for your continued support and protection.
