Subject: First reading passage requested on ordinance 2018-10

Bill,

I am requesting first reading passage on this legislation so that the project can stay on schedule. I am asking the utility companies to plan on relocating beginning in early June and need to get the trees cleared before the end of May so we need to have access to the land hopefully in a couple weeks. I have been in discussions with the property owners and although most have counter offered I don't think we will reach agreements soon enough. Offers were made mid-March so we have spent a reasonable amount of time trying to negotiate and may still be able to resolve some of these but not by mid-month.

Will you request the Council adopt this legislation next Tuesday?

Thank you,
Paul
