Subject: Fwd: Proposed NEXUS Settlement

Chris, thanks for responding. We understand the City's legal predicament and offer the following as a suggestion:

If the best course of action for Green is to accept the Nexus \$7.5 million payment, then perhaps Council should consider investing some of the proceeds (e.g. \$2.0 million) in a dedicated fund to benefit neighboring property owners if an unforeseen catastrophe should occur in the future. That fund could then be used to help pipeline neighbors recover from unexpected losses.
