Good Day Ward 3 Councilman,

I am sitting on my front porch as I write and I am repulsed at the amount of drivers who ignore the posted speed limit. There are the minority who obey posted speeds. All day long, same story. I have reached out to the Summit County Sheriffs before and the attention seemed temporary. I would wish our street to be known as "Strictly Enforced Speed Limits". Please look into this request. I (and many neighbors) have purchased "Drive Like Your Children Live Here" yard signs in the past, but they disappear.

Looking forward to something being done.

Warmly,

Karen Ditto
