**Subject:** Charter Review Commission

The red-line version of the Charter is going to be reviewed by Nichole and me this afternoon. So, the final version of the memo from the Commission will be sent to you after the Commission sees and reviews the red-line version, which they will receive today after we review it. The Commission decided at the 6/3/19 meeting they needed to review a red-line version to determine if another meeting needs to be held. If it does, the meeting will be Monday, June 10 @ 7 pm. Either way, the report to Council will be sent by the Charter deadline on or before June 12.

Let us know if you have questions. Thank you.
