Direct my comments to: City Council

What can we do for you?: Was involved in a near road rage incident on Pickle today will not get into the details believe me being 35 years military i can handle many problems but there is a NEAR ZERO speed enforcement or aggressive driver enforcement in Green. Seems councils concerns are business related not too concerned about the residential concerns unless it involves a fast food or pipeline. There is little representation from most of council other departments are great but not council
