I agree with Council Woman Babbitt, Dave France, Dave Mix of Industrial. This proposed area will be congested, Not to mention Filling up roundabouts, and schools. check Massillon rd at 4:30.

We already have New Seasons Development on Massillon Rd. Price range 330,000. Briar Creek, apartments 2,600 Mo Twinplexs 2,000 mo. Pulte?

I will say these are lovely , they offer flexibility home like feeling , not All high rise like The Boulevard and Greenburgh.

I personally think The City has grown enough we are losing our Green space. My thoughts.

Sincerely
