Subject: New Seasons

Wayne,

I'd like to share some thoughts about New Seasons.

- the current neighborhood is the worst in Green
- we just ate at Don Ponchos and were shocked at how dirty it was, torn pieces of carpet and extremely dirty
- there is a car shop that looks bad
- the greenhouse is run down and ugly

Mike Wojno and Charis Homes who have added many beautiful buildings in Green are looking to change that area and make an absolutely beautiful entrance with and an Epcon Community to bring in couples who will only help the community with shops, restaurants, etc.

Mike and I are looking forward to also living in New Seasons. So we will want to see this succeed!

Please let me know how I can help this to happen!!!

You can reach me at 330-472-3441 if you have any questions.

Thanks for your time.

Allison Wojno
