Subject: E bikes and scooters on sidewalks
Date: Monday, November 3, 2025 5:11:18 PM

Is the council concerned or looking into restricting e bikes speeding down our local sidewalks? They have zero disregard for driveways and walking pedestrians. They don't even look for vehicles pulling in and out of homes and businesses. This seems like an accident waiting to happen. Bay Village has introduced some guidelines we maybe interested in taking a look at. Thank you and Have a great day.
