Subject: Cutting of trees on Aultman Ave
Date: Monday, July 15, 2019 11:02:22 PM

What a shame that the City of Green is cutting all the trees on Aultman Ave for pure greed! I moved to this area because of the country feeling but you have raped the land for no other reason but money. What a shame that all the beautiful trees and wildlife are the victims of greed. Thank goodness I don't live in your city. Obviously none of you live in the area or you wouldn't let it happen. I definitely would not be proud to call Green home nor would I vote for any of you for re-election. The same goes for North Canton and their part in removing all the beautiful trees. Makes me sick and sad...

With much sadness,
Susanne Clapper
