Subject: 2018-R68/ Contract with Prime A/E

As discussed at last night's Council meeting, we are requesting second reading passage of 2018-R68. We are currently developing a RFP for Construction Manager at Risk to construct the Fire Station, by allowing the design architect to begin the design process now, we are trying to get to 50% of design when we bring the CMR in on the project. I will not be in attendance at the 9-25-18 City Council Meeting, but Jeff Funai will be able to address any questions.
