Subject: Re: Concussion grenade training at Sheriffs Training Facility

Molly,

Thank you for all your assistance with this matter. The response provided explains the multiple explosions and the training demonstration seems a worth while event for the first responders. We will monitor the Sheriffs website to get a heads up on the training dates.

Thanks again,

Terry

Mr. Miller,

Here is the response I received. I think if you have further questions Lt. Plance would be the right person to talk to.

Hope you have a great weekend!

Molly
