

Interoffice Memorandum
City of Green
Public Service Department

To: City Council
Cc: Mayor Neugebauer, Diane Calta
From: Valerie Wax Carr, Director of Public Service *mc*
Date: April 5, 2018
Subject: Sport Courts Maintenance Legislation

Much appreciation goes to the Engineering Department for completing the bidding process for the Sport Court Maintenance Project so efficiently for the Parks Division. This has allowed us to stay on schedule so that we are able to meet the demands of our summer sports. The Pickle Ball enthusiasts are hoping that the work can be scheduled quickly so that they can have a full season on the newly created pickle ball courts. In addition, we would also like to have to work done prior to the summer basketball league. Therefore, we are **requesting 1st reading passage**, to get on the contractor's schedule as soon as possible. Thank you in advance for your consideration.
