Wayne,

I have known Mike Wojno of Wojno Development for many years and can attest to the quality of his work and the attention to detail in every project he is involved with.

In reviewing the information that has been made available to the public, I firmly believe that his proposal provides a much more sustainable alternative than what already exists under the current zoning classification.

It is my understanding that the Planning/Zoning Commission approved his rezoning request; City Council will be considering this matter at their August 27, 2019 meeting.

I am very confident that Mike can mitigate any concerns Council Members may have in such a manner that is acceptable to all involved interests.

Looking forward to their favorable consideration.

Best,

Rick
