Subject: Re: Tuesday council meeting

Dear Councilman Yeargin:

Please accept this email letter to present to the reading of the legislation at Tuesday's council meeting in support of committing \$3 million dollars toward researching, developing a plan, and implementing a plan for Fire Station Number 4 in Ward 3. Earmarking these funds to provide the community with an additional fire station will best meet the ultimate goal for security and safety of the citizens in Ward 3 in the City of Green.

Thank you and fellow council for considering this important venture and endeavor.

Best regards,

Susan M. Collins-Berger
