Ms. Babbitt, Ms. Dean,

Thank you very much for sponsoring the webinar on first amendment and free speech rights on 4/28.

My son (Akron Law '20) told me beforehand that Dean Peters would have a good presentation And he was right :)

Although this sort of event may seem a little bit unusual for the city, I thought it had a great deal of "value add" and I hope that more residents will get the benefit of seeing the replay. I look forward to seeing more events like this in the future.

Regards,
