To Green City Council:

As a 30 yr resident of Mayfair Lakes and Green, I want to express my opinion regarding the Raber Rd Asphalt proposed construction.

Thank you, Shari

### Raber Rd:

- 1) The ability to walk from Prestwick Estates to Mayfair Rd would be a convience for some.
- 2) Bicycling from Prestwick Estates to Mayfair Rd would be a convience for some. Green is not a Bicycle friendly city this will not really be am improvement toward that purpose. Cyclists have wonderful biking options with the towpath and many other areas they can safely ride.
- 3 Continuation of a sidewalk on the south side of Raber Rd is a plausible, cost appropriate solution.
- 3) Relocating Raber Rd to the North to accomodate an asphalt path is a very poor use of money, it has no needed advantage over what a sidewalk would accomplish. In my opinion it is absolutely wasteful!

### 619:

- 1) Laying an asphalt path with construction now taking place seems reasonable.
- 2) What exactly is meant by "Mayfair Lakes will be a conduit". Does a residential neighborhood become the "cut-thru"? Unacceptable!
